

DIAMOND / SEA-GLAZE

DIAMOND SEA-GLAZE GLAZING OPTIONS

We offer Tempered and Laminated safety glass in various thicknesses and tints.

Lexan and Heated glass are also available upon request.

Light % refers to the amount of light the glazing will let through (the lower the number the darker the tint).

TEMPERED GLASS			
NOMINAL THICKNESS	TINT COLOR	LIGHT %	WEIGHT PER SQ.FT
1/4"	CLEAR	89%	3.20
